██████████ called me and asked me to speak to his Records Management Officers meeting
on 9/16 at 10:00n AM in room 1E 78. To announce the winner... to help sell the
banquets tickets etc. etc... I told him I would do what I could

Talked this over with Mr Goodwin and ██████████. We agreed that the responsibilities
of thie office did not continue internally.. that external liaiason was all that should
be done.. and that OP should carry the ball.

Called ██████████. told her all of the above and that I assumed that ██████████ was reluctant
to make the annoucement since he was the s. winner.. and that therefore maybe OP would do

25X1A9a

it.SShe agreed.... said she would send ██████████. I was hoping that she would ask

25X1A9a
██████████ because the Award is the outgrowth of a successful Suggestion... which earned
an award... However.. we have no more to do onothis.
